

ASHTON WEST END PRIMARY AND NURSERY ACADEMY

POLICY AGAINST BULLYING IN OUR ACADEMY

1. WHAT IS BULLYING?

There many definitions of bullying, but most have three things in common:

- it is deliberately hurtful behaviour
- it is repeated over a period of time
- it is difficult for those being bullied to defend themselves

Bullying can take many forms but three main types are:

- physical – hitting, kicking, taking belongings
- verbal – name-calling, insulting, racist remarks
- indirect – spreading nasty stories about someone, excluding someone from social groups

2. WHY SHOULD WE BE CONCERNED?

There are a number of very important reasons for challenging bullying behaviour in academies:

The safety and happiness of pupils. When pupils are bullied, their lives are made miserable. They may suffer injury. They may be unhappy about coming to the Academy. Over time, they are likely to lose self confidence and self esteem. Some may blame themselves for 'inviting' the bullying behaviour.

Educational achievement. The unhappiness of bullied pupils is likely to affect their concentration and learning. Some children will avoid being bullied by not going to the academy.

Providing a model for helpful behaviour. If they observe bullying behaviour going unchallenged, other pupils may learn that bullying is a quick and effective way of getting what they want. Those pupils who are being bullied may interpret the academy's inaction as condoning unacceptable behaviour. They will feel badly let down by adults in authority.

Getting a reputation as an effective, caring academy. No academy can claim with absolute confidence that there is 'no bullying here'. Every academy has some degree of bullying, even if only slight or infrequent. Parents know this. They will be impressed and reassured by an academy which demonstrates both through policy and action that it will respond positively and effectively to bullying.

3. DEVELOPMENT OF WHOLE ACADEMY POLICY
