

Year 3 Spring Newsletter

Welcome to 3ZF! It's the beginning of a new calendar year and we are raring to go and full of energy. Since the September our class have thrown themselves into year 3 and tried their best. I would like the same amount of effort and more this term! We will be continuing to build our skills to work together, solve problems and explore the world around us.

Literary Wonders

In Literacy we are going to be exploring the magical world of Beatrix Potter. We will be reading lots of books written by this author and immersing ourselves in the world she created. We will be putting a larger focus on reading comprehension skills this term so reading at home is even more important here!

Mathematical Genius

Our maths learning is going to be all about multiplication, division and time. We will be looking at solving problems, applying our times tables knowledge and learning written methods to help us solve these questions. We will be looking at both the 12 and 24 hour clock this term so it would be helpful if you could be discussing the time with your child at any opportunity which arises.

Important things to remember:

Monday: Spelling books and homework need to be in school.

Wednesday: Today is the last day for homework to be handed in.

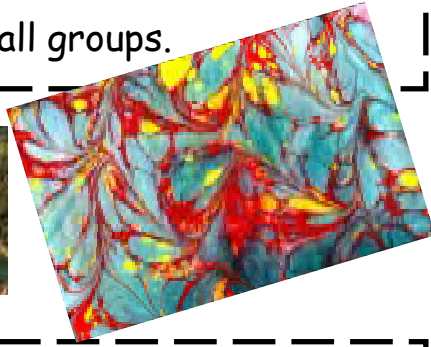

Wednesday: PE kits are needed today.

Friday: New homework will be given out today.

Bring your Reading book every day!

Water Art

In our D&T lessons we will be looking at creating a water based image to go into some frames we are going to make. They will be made from wood and secured together. For health and safety reasons this work will be conducted in small groups.

Lakes

Linking with our Literacy work we will be looking predominately what Lakes are, where we can find them and exploring the landscape of the Lake District. We will be finding out as much as we can about the mysterious body of water which is a lake.

Reading is Magic

In our classroom we have a truly welcoming reading corner where we can read when we have a few spare minutes. We also have our own 'Reading Spell book.' If you would like to bring any work you do to do with reading to school to put in our reading spell book, please do! I love hearing about what you have read at home!

What does it mean to be British?

Our RE for the term will be trying to answer this question. We will be looking at the term British Values and trying to understand what this means. We will be exploring elements of Britain including the Law, Tolerance and Community.

Dates to remember

25th January: rearranged date for the Stone Age workshop

15th February: Half Term

Thank you for your continued support!
