

Science

This term the children will continue to learn about forces, their focus will be on friction. Children will be exploring what friction is and its uses, measuring force using a forcemeter, as well as understanding air resistance and its effects. Learners will be working scientifically, carrying out fair tests and recording their results in a bar chart.

Religious Education

Topic Title: Why are festivals important to religious communities?

(Christianity & Islam)

The work this term enables pupils to learn about special and sacred times in both Islam and Christianity. Children will learn about how and why they are celebrated and their importance.

Important Dates

May 23rd – Class trip to Chester

Computing

This term in computing, your child will be creating a PowerPoint presentation to share with their peers. Their work in both History and English will combine with computing as learners will be making a presentation about their learning of the Romans.

Weekly Routines

PE- PE kits should be in school every week, children will be playing rounders.

Homework- This is given to the children every Friday and should be completed and returned to school by the following Wednesday.

Spellings- These are given on Monday every week and need to be learnt for the following Monday.

Reading- Reading books need to be read regularly and reading records should be signed by parent/guardian. Children also have the opportunity to choose a library book from our school library each week.

Times Tables- Please could you encourage your child to learn their times tables at home. We are focusing on the 3, 4 and 8 x tables.

If you have any questions at all, please come and ask.

Many thanks for your continued support,

Miss Booth (Year 3 Teacher)
