

## Work from Autumn 2019 Sept - October

### Literacy

Our work has been linked to Greek Mythology. We read the story of Daedalus and Icarus and also Pandora's Box – the myth where Pandora releases bad spirits from a magical box given to her by Zeus. We wrote descriptions of these spirits, letters saying how sorry we were. We displayed them all flying out of the box. We are working very hard on improving our handwriting.

### Maths

We worked really hard on place value, Roman Numerals and addition and subtraction problems. We have also been given Mathletics and Times Table Rockstar log-ins. Our class were the winners in the Class competitions. We will try hard to beat our next opponents!

## Science

Our science learning has been all about Materials. We designed our own school bag and explored how to separate materials using magnets, filters, evaporation and sieves. Here are some of our ICT pieces of work about materials.

## Properties of Materials

**Wooden Chair**

Wood is a natural material. It is strong, durable, and easy to work with. It is used to make furniture, buildings, and many other things. Wood is a natural material that is used to make many things.

**Plastic Table**

Plastic is a synthetic material. It is strong, durable, and easy to work with. It is used to make many things, including furniture, toys, and many other things.

**Metal Bowl**

Metal is a natural material. It is strong, durable, and easy to work with. It is used to make many things, including tools, machinery, and many other things.

**Glass Jar**

Glass is a natural material. It is strong, durable, and easy to work with. It is used to make many things, including windows, bottles, and many other things.

# Science

## MATERIALS

## History and Art

We have been learning all about Ancient Greece. Do you like our Greek artwork? We designed Greek pots using collage then used wax crayon and paint to etch a design using a cocktail stick. We also made clay brooches with a Pegasus design.

RE.

We visited the Hindu Temple in Ashton in October. It was so interesting to see the beautiful statues inside. We drew some pictures, but it is forbidden to take photographs. Mr Mistry at the temple told us all about the work they do there. We are looking forward to going to the Jewish Synagogue in November.
