.....

1. Aims

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which disabled pupils can participate in the curriculum
- Improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to disabled pupils

Our school aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.

At Ashton West End Primary Academy we aim to provide the best possible opportunities and a broad, balanced and inclusive curriculum for children who are receiving Special Educational Needs support. We ensure the children receive high quality first teaching. They have additional and extra support in individual and small group situations, as well as in whole class settings. Each child's work is differentiated to meet their needs. We liaise with other agencies to support the needs of individual children.

The accessibility plan will be made available online on the school website, and paper copies are available upon request.

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

The school supports any available partnerships to develop and implement the plan.

Our school's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, this procedure sets out the process for raising these concerns.

We have included a range of stakeholders in the development of this accessibility plan, including pupils, parents, staff and governors of the school.

2. Legislation and guidance

This document meets the requirements of <u>schedule 10 of the Equality Act 2010</u> and the Department for Education (DfE) <u>guidance for schools on the Equality Act 2010</u>.

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.

Under the <u>Special Educational Needs and Disability (SEND) Code of Practice</u>, 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

This policy complies with our funding agreement and articles of association.

3. Action plan

This action plan sets out the aims of our accessibility plan in accordance with the Equality Act 2010.

Aim	Current good practice Include established practice and practice under development	Objectives State short, medium and long-term objectives	Actions to be taken	Person responsible	Date to complete actions by	Success criteria
Increase access to the curriculum for pupils with a disability	Our school offers a differentiated curriculum for all pupils. We use resources tailored to the needs of pupils who require	To increase use of resources and books that depict people with disabilities.	Audit current resources.	Curriculum Co- ordinators	July 2020	Resources throughout school will include images of people with disabilities.
	support to access the curriculum e.g. large print text, specialist scissors, access to a sound field. Curriculum progress is tracked for all pupils, including those with a disability.	To continue to monitor the curriculum to ensure it meets to needs of all pupils.	Monitor progress on Target Tracker.	Miss Pizuti, Mrs. Beswick SENCO	July 2020 Termly:	Progress for all pupils tracked across the year.
	Targets are set effectively and are appropriate for pupils with additional needs. The curriculum is reviewed regularly to ensure it meets the needs of all pupils. After school clubs are available to all children.	All children have appropriate targets set termly. To increase the numbers of children with additional needs who attend an after-school club.	All pupils with additional needs to have a Person- Centered Plan. Personal invites for children with additional needs to after school clubs.	SENCO, Class Teachers Class Teachers, SENCO, Sports teacher	End of September 2019, January 2020, 9 th May 2020 December 2019	Person-Centered Plans have appropriate targets that are reviewed each term. Attendance at after- school clubs of children with additional needs tracked

Aim	Current good practice Include established practice and practice under development	Objectives State short, medium and long-term objectives	Actions to be taken	Person responsible	Date to complete actions by	Success criteria
Improve and maintain access to the physical environment	The environment is adapted to the needs of pupils as required. This includes: • Ramps • Accessible toilet	 Main Entrance: To provide a dedicated disabled parking bay. Remove small kerb outside Main Gate. Improve signage at entrances – Larger Fonts - consider audible and tactile information. Consider replacing Main Gate with an automatic/power assisted opening. Consider moving Front Door Buzzer to a lower position to allow access for all. Consider changing Main Entrance door to an automatic or power assisted opening. 	To get quotes for disabled Parking bay. Get quotes for adding small ramps to remove some low kerbs. As signs are replaced, consider additional features and the location of signage to improve accessibility. Get quotes for works as part of general maintenance. 4. Monitoring arrangements

This document will be reviewed every **3** years, but may be reviewed and updated more frequently if necessary.

It will be approved by the Principal and the full governing body.

5. Links with other policies

This accessibility plan is linked to the following policies and documents:

- Risk assessment policy
- Health and safety policy
- Equality information and objectives (public sector equality duty) statement for publication
- Special educational needs (SEN) information report
- Supporting pupils with medical conditions policy

Appendix 1: Accessibility audit

Feature	Description	Consideration for future works
Number of storeys - 2	Library on mezzanine. Staff room, PPA room and Principals Office all up flights of stairs.	Consider moving library, staff room, PPA room and/or Principals to lower levels if required.
Corridor access	Most corridors are accessible – some small changes in level may require adjustments in the future.	None currently – consider as part of any future re-flooring works.
Lifts	None	
Parking bays	No disabled bay	Consider dedicated disabled parking bay
Entrances	Doors Main Gate has a step up that is not fully accessible. It could not be opened independently by someone with reduced mobility. Main door – the buzzer is high up and not fully accessible	None of the doors could be opened easily by a person with reduced mobility – consider replacing them with assisted opening. Consider replacing them with assisted opening. Considering lowering the height of the entrance buzzer.

Ramps	Currently have a number of ramps to make the building accessible.	
Toilets	Have an accessible toilet but it is not clearly signed.	Get a sign for the accessible toilet.
Reception area	Fully accessible space.	
Internal signage	Internal signage is minimal.	Consider improving signage around school, look for opportunities to use larger fonts or include tactile signage.
Emergency escape routes	Emergency escae routes are clearly signed around the school.	Would need to consider safe evacuation of a person with reduced mobility.
