

Hello 6G,

I hope you have all enjoyed your Easter break. I purposefully didn't send out any work updates during what would have been our holidays, but I hope you kept up with the different activities and ideas that I have already shared.

I'm sure many of you are getting to the end of the packs that we sent out and would like some ideas and inspiration for what to do next: so here you go!

Maths

I hope you are all using Mathletics, TT Rock stars and espresso to help with your maths. Keep up with all the links and ideas I have already given you on this page, but here are a few new ones.

<https://www.ncetm.org.uk/resources/54454> - this site will be producing interactive lessons and activities to help you with your maths.

<http://www.iseemaths.com/home-lessons/> - another site with online maths lessons to help with your skills. These can also be found on YouTube.

http://www.puzzleoftheweek.com/?fbclid=IwAR2LIGNJnY0euiP4SENTpdS391PzTkHnoGNY_jTmTO-DDAoZjg2Fob_06lQ – these can be quite tricky puzzles, but good exercise for your maths brains!

English

You should be using Bedrock Vocabulary every week. I know that some of you are, but please keep up with it. I hope you are also using espresso to support your English and reading everything you can!

On top of the links I have already given you:

Could you use this image to write a set of instructions on how clouds are made?

Or, you could write an explanation text rather than simple instructions.

Think about how you will appeal to your chosen audience. What will give your writing the WOW factor?

What other genres of writing does this image inspire you to try?

I'd love to see some of your work, so don't forget to email it to me.

<https://www.twinkl.co.uk/resource/year-6-school-closure-home-learning-resource-pack-t-e-2549915> - don't forget that a lot of sites, like Twinkl, are offering free membership at the moment. This is one example of a learning pack for English.

Science

<https://www.stem.org.uk/primary-science> - there are some home learning ideas here.

<https://www.twinkl.co.uk/resource/tp2-s-121-new-planit-science-year-6-evolution-and-inheritance-unit-pack> - and examples of one of Twinkl's science packs
