

Hello girls and boys, I hope you are all well. Here are some activities you could carry out at home as I think we are going to be off school a little longer. These relate to the topics we would cover if we were in school as normal. Your parents are welcome to pick up a learning pack from the office at school. Also BBC Bitesize are publishing daily online lessons, a dedicated TV channel full of learning content, podcasts on BBC Sounds and loads of educational video on iPlayer.

Stay safe! Miss Lumb and Mr Nowak

Geography

Places-A focus on oceans.

Lots of great ideas for this topic, use the link opposite, there is also a focus on comprehension in this unit of work.
