

Year 5 Homework Menu- Maths Autumn 1 2020

Due to the teaching sequence and the content of this homework sheet we will be making a recommendation as to which homework sheet should be attempted to give the greatest chance of success.

<p>Worksheet 1</p> <p>Create representations for numbers up to 10,000 using the examples provided. Complete the table to add and subtract numbers using your knowledge of place value of digits.</p> <p style="text-align: right;"></p>	<p>Worksheet 2</p> <p>Using your knowledge of place value complete the cross number. These are larger numbers going up to 1,000,000.</p> <p style="text-align: right;"></p>	<p>Worksheet 3</p> <p>Complete the Rocket Rounding activity where you are rounding to the nearest 10. Remember how to round. 5 and above round up and 4 and below round down.</p> <p style="text-align: right;"></p>	<p>Worksheet 4</p> <p>More application of rounding but rounding to 100 this time. Think carefully which digit in the number you are looking at to help you with this learning.</p> <p style="text-align: right;"></p>
<p>Worksheet 5</p> <p>Using the Roman Numerals chart attached to this please work out the cross number. Use your knowledge of Roman Numerals to help you. Look carefully at which direction the numbers are supposed to go, across or down.</p> <p style="text-align: right;"></p>	<p>Worksheet 6</p> <p>Crack the code using your knowledge of subtraction. Think carefully about how to subtract using exchanges. There may be more than one percalcuation!</p> <p style="text-align: right;"></p>	<p>Worksheet 7</p> <p>Look carefully at how to interpret these charts. Read the questions carefully and look at the axis to help you work out which information you need.</p> <p style="text-align: right;"></p>	<p>Mathletics</p> <p>Please complete activities on Mathletics named:</p> <p style="text-align: right;"></p>
