

## Maths Home Learning

Remember, all of your home learning, for every subject, can be accessed on Sharepoint.

### Learning:

Today we are going to have an arithmetic test for you to complete at home. You should set yourself 30 mins to complete the arithmetic test and no cheating. Your teachers will know if you have used a calculator! You can answer the test using word or you may want to write on top of the test using your pen on Class Dojo.

Sending your test to your teacher:

- Screenshot your test and send it to your class teacher on Class Dojo.
- Or, save your Word document into the 'Completed Home Learning' file on Sharepoint. Upload it and save it with your name and class on.

If you have any problems completing this, please let your teacher know.

### Videos to help:

<https://www.youtube.com/watch?v=5f662gnL2Q> – a guide to answering a range of questions on the arithmetic test.

### Key Vocabulary:

Inverse, addition, subtraction, opposite, units, tens, hundreds, thousands, opposite, multiplication, division, square numbers, fractions, top heavy fractions, mixed numbers.

### Your task:

Complete the arithmetic test
