Children can link some movements to show a mood or feeling.	Children can use one tactic in a game. Children can follow rules.
Year 3						
Name of topic:	Invasion Games	Gymnastics	Dance	Net and Wall Games	Striking and Fielding	Athletics
Curriculum objective/s: Pupils should continue to apply and develop a broader range of skills, learning how to use them in different ways and to link them to make actions and sequences of movement. They should enjoy communicating, collaborating and competing with each other. They should develop an understanding of how to improve in different physical activities and sports and learn how to evaluate and recognise their own success.	<ul style="list-style-type: none"> play competitive games, modified where appropriate [for example, badminton, basketball, cricket, football, hockey, netball, rounders and tennis], and apply basic principles suitable for attacking and defending take part in outdoor and adventurous activity challenges both individually and within a team 	<ul style="list-style-type: none"> develop flexibility, strength, technique, control and balance [for example, through athletics and gymnastics] 	<ul style="list-style-type: none"> perform dances using a range of movement patterns compare their performances with previous ones and demonstrate improvement to achieve their personal best. 	<ul style="list-style-type: none"> play competitive games, modified where appropriate [for example, badminton, basketball, cricket, football, hockey, netball, rounders and tennis], and apply basic principles suitable for attacking and defending take part in outdoor and adventurous activity challenges both individually and within a team 	<ul style="list-style-type: none"> play competitive games, modified where appropriate [for example, badminton, basketball, cricket, football, hockey, netball, rounders and tennis], and apply basic principles suitable for attacking and defending take part in outdoor and adventurous activity challenges both individually and within a team 	<ul style="list-style-type: none"> use running, jumping, throwing and catching in isolation and in combination develop flexibility, strength, technique, control and balance [for example, through athletics and gymnastics]
Curriculum skills: By the end of each key stage, pupils are expected to know, apply and understand the matters, skills and processes specified in the relevant programme of study.	Children are aware of space and use it to support teammates and cause problems for the opposition. Children can catch with one hand. Children can throw and catch accurately. Children can move to find a space when they are not in possession during the game.	Children can adapt sequences to suit different types of apparatus and their partner's ability. Children can work in a controlled way. Children can work with a partner to create, repeat and improve a sequence with a least three phrases.	Children can improvise freely, translating ideas from a stimulus into movement. Children can share and create phrases with a partner and in small groups. Children can repeat, remember and perform these phrases in a dance.	Children are aware of space and use it to support teammates and cause problems for the opposition. Children can catch with one hand. Children can throw and catch accurately. Children can move to find a space when they are not in possession during the game.	Children are aware of space and use it to support teammates and cause problems for the opposition. Children can catch with one hand. Children can throw and catch accurately. Children can move to find a space when they are not in possession during the game.	Children can link running and jumping activities with some fluency, control and consistency. Children can throw a variety of objects, changing their actions for accuracy and distance. Children can run over a long distance.
Year 4						
Name of topic:	Invasion Games	Gymnastics	Dance	Net and Wall Games	Striking and Fielding	Athletics
