

Our Nursery Learning
'Why do leaves fall off the trees?'

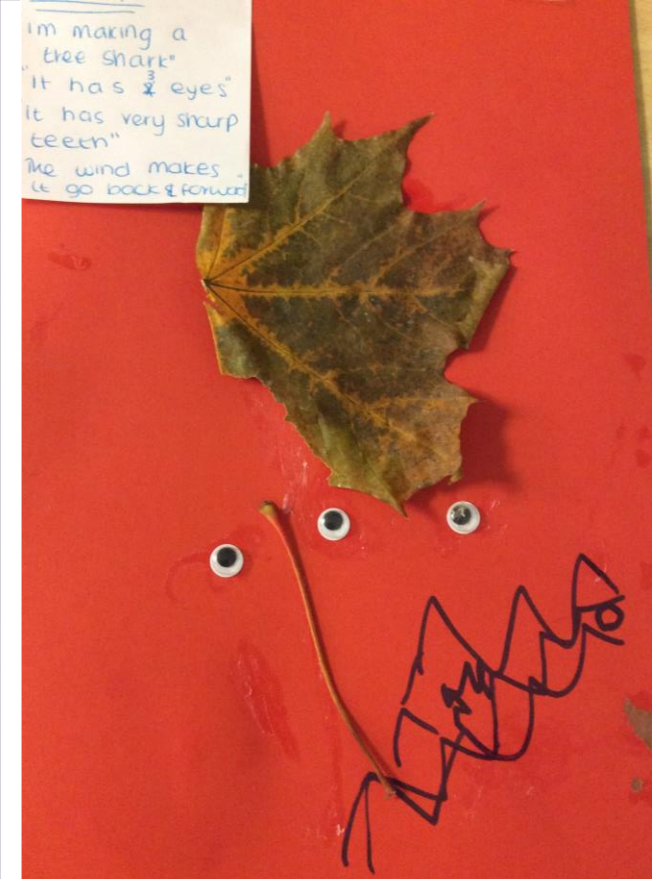

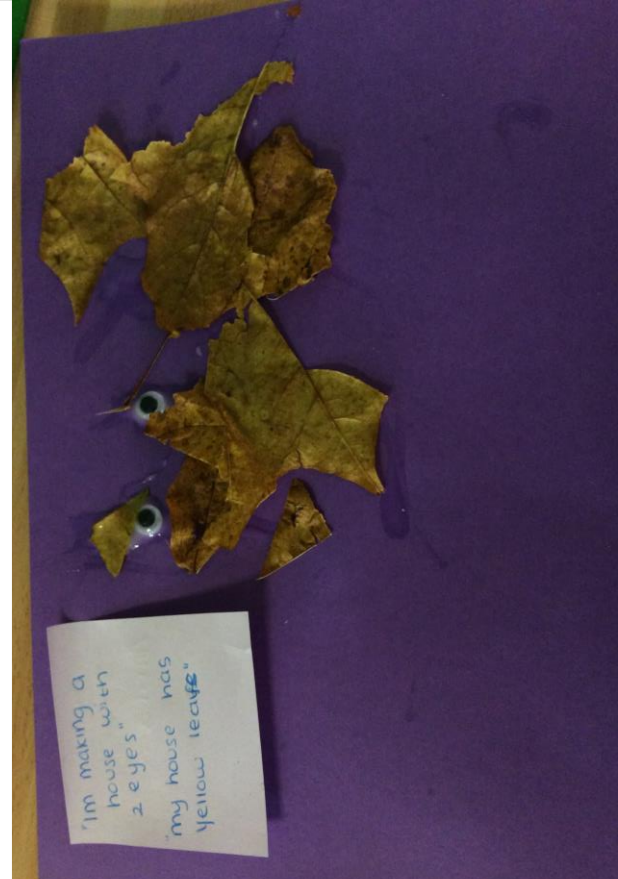

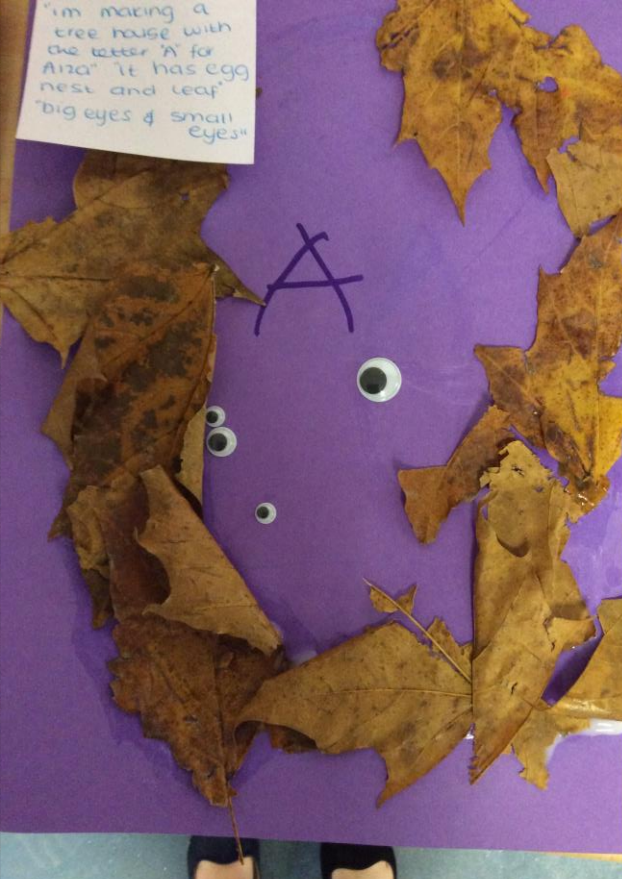

We have been learning all about what happens during Autumn time. We looked at the story 'Leaf Man'.

Nursery had lots of fun on our Autumn walk. We looked at all of the different leaves and talked about their colours and why they had fallen from the trees.

We explored
with finger
painting to
create our own
Autumn trees.

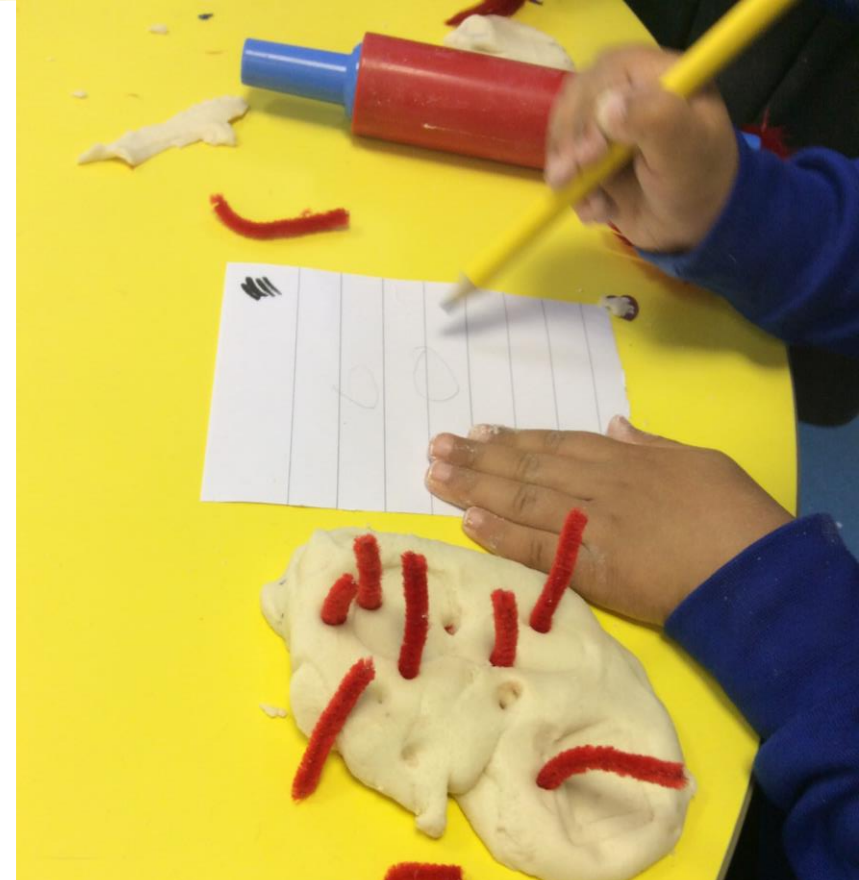

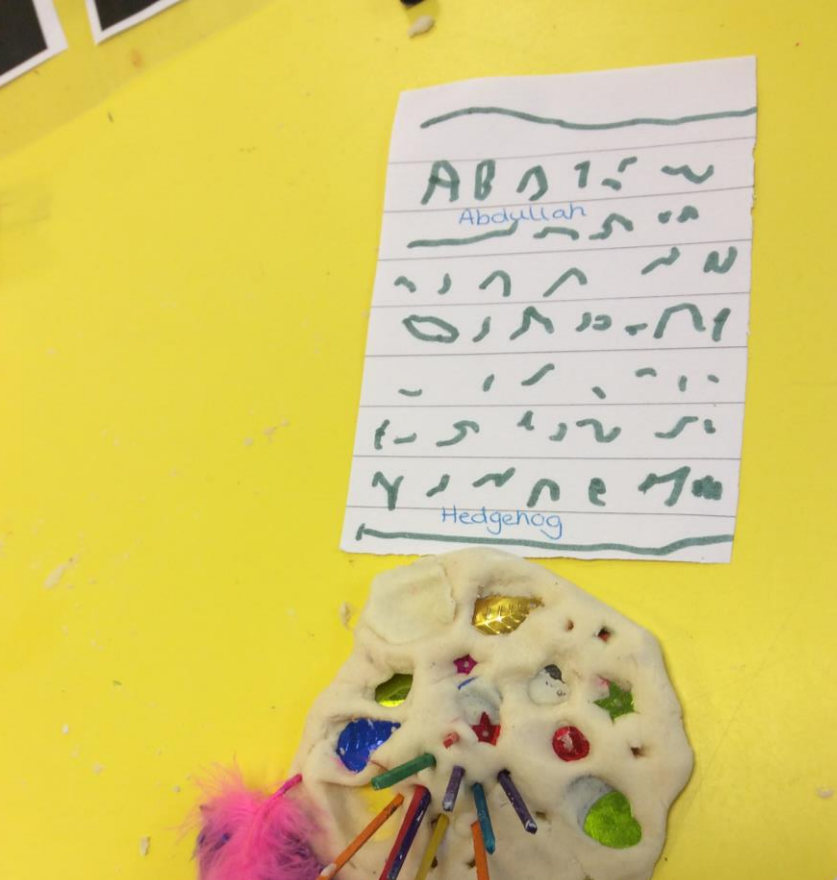

We used our super creative skills to make pictures using leaves we had collected!

We also had so much fun carving pumpkins! The children had lots of different tools to carve with.

We had lots of fun making Pumpkin crispy cakes. We listened carefully to instructions and explored mixing and melting.

We also made our own hedgehogs using resources and materials and created our own labels for our model.
