

# ARMCHAIR ADVENTURES

Join us for a family workshop all about  
one of our latest episodes

## A Compost Adventure!

We'll use our imagination to shrink to the size of a beetle and explore a summer garden. What will we find there?

Maybe we'll go for a snail ride, piggyback ants or fly on a bumblebee!

We'll explore the importance of composting to help save the planet, and you will receive your very own compost bin!

### Hattersley Library

The Hub, Stockport Road, Hattersley, SK14 6NT

**Wednesday 20th April**

**10am – 11:30am & 1:30pm – 3pm**

Book free places at

**[tamesidelibraries.eventbrite.co.uk](https://tamesidelibraries.eventbrite.co.uk)**

An adult must accompany children to the workshop, it's for all the family, aimed at children aged 5-11 and their grown ups. We would love for grandparents to bring their grandchildren. Over 30 local older people helped create our podcast, and we would love to keep bringing generations together to have fun!

These workshops have been commissioned by **Recycle 4 Greater Manchester** and will be facilitated by **Made by Mortals**; a non-profit organisation that creates podcasts, films and musical theatre shows in collaboration with world-class professional artists, health and social care organisations and a wonderful mix of community participants.
