The PE and Sports Premium Funding Report 2021-22

The government is providing funding for the academic years 2021/2022 to provide substantial Primary School Sport Funding. The premium must be used to fund additional and sustainable improvements to the provision of PE and sport, for the benefit of primary-aged pupils, in the 2021 to 2022 academic year, to encourage the development of healthy, active lifestyles.

The allocation of the yearly Sports Funding is paid in instalments over two financial years. This is the same way as the DfE are passing the funding onto Local Authorities.

The DfE have stipulated that the following conditions must be met by all schools in receipt of the grant:

- The premium must be used to fund additional and sustainable improvements to the provision of PE and sport, for the benefit of primary-aged pupils, in the 2021 to 2022 academic year, to encourage the development of healthy, active lifestyles.
- Maintained schools must publish, on their website, information about their use of the PE and Sport Grant allocation. Schools should publish the amount of grant received; how it has been spent (or will be spent) and what impact the school has seen on pupils' PE and sport participation and attainment as a result, to help to ensure that all pupils develop healthy lifestyles.

Meeting National Curriculum requirements for swimming and water safety	
What percentage of Year 6 pupils could swim competently, confidently and proficiently over a distance of at least 25 metres when they left our school?	40%
What percentage of Year 6 pupils could use a range of strokes effectively when they left our school?	40%
What percentage of Year 6 pupils could perform safe self-rescue in different water-based situations when they left our primary school?	40%
Schools can choose to use the Primary PE and Sport Premium to provide additional provision for swimming but this must be for activity over and above the national curriculum requirements. Have you used it in this way?	Planned for 2022/23 allocation.
